

# we care for clean ships clean seas environment

## Marine Products and Services Program

- Marine chemicals for Treatment & cleaning.
- Dosing systems for chemicals (Manual and Automatic).
- Equipment and cleaners for Tanks & Cargo holds.
- Oil spill dispersants and OSD Kits.
- Test Kits for Potable Water & Sewage.
- Electronic water & sewage Test EC-Prime lab photometer.
- Chemical cleaning (Boilers, Air coolers, Heater).
- Fuel and lube oil Test Kits.
- Wall wash test Kits.
- Reverse Osmosis - sewage systems & treatment.
- Gases, welding & cutting equipments.
- Electrodes & consumables.
- Refrigerants.
- Span gases & Gas detectors.
- Pickling and passivation.
- World wide network.

## Fuel Oil Treatment

- EC - FOT
- EC - FOT Catalyst
- EC - Vanasolvent
- EC - FOT Lubricity

Studge dispersant / FOT Reduce stratification / sludge.  
Combustion catalyst reduces carbon deposits.  
Prevents post-combustion corrosion from sulphur & vanadium.  
Lubricity improver for gas oil, diesel oil and middle distillates.

## Fire Side Treatment

- EC-Soot Sticks, Soot Remover
- EC-Economizer Treatment

Removes carbon deposits.  
Liquid to prevent soot deposits in exhaust gas boilers at low temperature.

## Gas Side Treatment

- EC-Asteriods
- EC-Gas side cleaner

For dry cleaning of turbo blowers.  
Fast deposit remover from exhaust gas system.

## Biological Treatment

- EC-Bacteria Control
- EC-Dipslides

Prevents biological attack in fuel oil and cooling water systems.  
Bacteria testing.

## Tank and Cargo Hold Cleaners / Oil & Grease Removers / Oil spill Dispersants

- EC - Ecodis
- EC - Ecoclean
- EC - Coldwash HD
- EC - Seaclean
- EC - Clean Break
- EC - Alkaclean HD / PC Cleaner
- EC - Alkaclean Safety
- EC - Marisol
- EC - Uniclean HCF Eco
- EC - Genepol
- EC - Uniclean Neutral
- EC - Bufferclean 5.5
- EC - Uniclean Tank Separating
- EC - Uniclean Eco
- EC - Edible Oil Cleaner
- EC - Acrylate Cleaner
- EC - Degreaser Eco
- EC - WB Alkaline Foam
- EC - Uniclean Latex Cleaner
- EC - Resin Remover
- EC - Uniclean Steam Cleaner
- EC - EC Phos
- EC - General Purpose HD

Oil spill dispersant Type I for deck cleaning.  
Envirocleaner - degreaser.  
Solvent based general purpose degreaser for bilge, tanks, parts.  
Tanks cleaner, bilges, double bottoms cleaner.  
Quick separating degreaser for bilges used with Oil / water separator.  
Heavy duty alkaline tank and Hold cleaner for fish / vegetable oils, pet coke and coal removal.  
Naturals Alkaline tank and Hold cleaner for fish / vegetable oils removal by injections and calculating methods, based on Potassium.  
Light alkaline detergent.  
(WaterBased) Hydrocarbon free tank cleaner.  
Neutral WB general purpose cleaner.  
Neutral Hydro Carbon Free tank cleaner for removal of fish / vegetable oils out of zinc silicate coated tanks.  
Removes lead from zinc silicate coated tanks. pH buffered at 5, 5 EC-Bleach Substitute.  
Heavy duty quick separating tank cleaner.  
Heavy duty industrial cleaner produced from natural raw materials.  
Cleaning agent to remove fats, proteins and oils.  
Chemically neutralizes acrylate esters.  
Odourless non-emulsifying degreaser.  
Cleaning agent to remove fats, proteins and oils.  
Highly concentrated product for the removal of latex.  
Heavy duty cleaner for the removal of resins like MDI - TDI.  
Alkaline cleaner for the removal of atmospheric deposits, oils and grease by means of steam cleaners.  
Cold phosphating agent that converts rust into iron phosphates, which prevents new rust.  
Heavy duty WB Degreaser to remove atmospheric contamination, mineral oils and greases.

## Ballast Tank Water Treatment And Corrosion Inhibitors

- EC -Mud And Silt Dispersant

Dispersant for removal of mud & silt from (ballast) tanks and pipelines.

## Special Cleaners

- EC - Coal Tar Cleaner
- EC - Ultrasonic Cleaner
- EC - Ultrasonic Equipment

Excellent tank cleaner for Coal Tar, crude benzene & bitumen.  
For engine parts in ultrasonic cleaning baths.  
Ultrasonic technology.

## Electro Cleaners

- EC - Electro Clean Fast
- EC - Electro Clean Slow
- EC - Uniclean Electro

Fast drying electro cleaner. Non-flammable.  
Slow drying electro cleaner for immersion baths.  
Non conductive electro cleaner. Chlorine free, no smell.

## Carbon Solvents

- EC - Carbon Remover
- EC - Air Cooler Cleaner HD
- EC - Filter Clean

HD Immersion baths cleaner for heavy deposits - Non Cresol.  
For manual and in service cleaning.  
Heavy duty cleaner for fuel and lubricating oil filters.

## Acid Cleaners

- EC - Descaling Liquid
- EC - Safe Descaler
- EC - Rust Remover
- EC - Cement Remover
- EC - OWS Cleaner
- EC - Uriclean Concentrate

Low foaming heavy duty water scale remover.  
Safe water scale remover powder.  
Removes rust on paintwork.  
Cement cleaner.  
Acidic cleaner for stainless steel oil / water separator discs.  
To remove uric acid deposits.

## Coatings - Rust Protection

- EC - Rust Converter
- EC - Tank Coating HV & SV
- EC - Steam Pipe Coating
- EC Coat Barrier

Organic rust converter as pre-coating on rusted steel.  
Lanolin based soft ballast tank coating.  
Steam pipe anticorrosive coating (Soft & Hard).  
For use before loading cement, pet coke, coal, iron and bauxite.

## Also Available: Special Hard Coatings For Ballast / Void Spaces / Other Applications

## Boiler Water Treatment

- EC - BWT One Shot
- EC - Hardness Control
- EC - Alkalinity Control
- EC - Condensate Control
- EC - Hydrazide
- EC - Boiler Coagulant
- EC - Scale Sequestrant

One shot boiler and feedwater treatment.  
Adjusts hardness and phosphate.  
Adjusts alkalinity.  
Adjusts pH on condensate, corrosion inhibitor.  
Decreases oxygen on HP & LP boiler - replace Hydrazine.  
Eliminates light oil contamination, sludge conditioner.  
Clean boiler & cooling systems Under way.

## Organic combined Boiler Water Treatment

- EC - OBWT 3
- EC - OBWT 4

Alkalinity, scale control and sludge conditioner.  
Oxygen scavenger, corrosion and condensate pH controller.

## Evaporator Treatment

- EC - Liquivap

Antiscale, antifoam for evaporator.

## Diesel Engine Cooling Water Treatment

- EC - CWT - NCLT
- EC - Color cooling
- EC - NCLT AL
- EC - CWT NN

Closed circuit scale and corrosion inhibitor. Nitrite based.  
Anticorrosion nitrites base with color indicating.  
Anticorrosion for all metals including aluminum.  
Non Nitrite based CWT product.

## Seawater Antifoulant

- EC - Ecosperse
- EC - Biosperse

Antifoulant, anticorrosion sea water system - Environment friendly.  
Heavy duty Antifoulant.

## Potable Water Treatment

- Potable Water Treatment

Prevents corrosion and Red water in potable systems.

## Cruise Industry Products

### Maintenance, Water Treatment, Swimming Pool, Jacuzzi, Sewage Tanks, Potable Water Disinfecting

- EC - Chlorine Tablets
- EC - Unichlor 12

Swimming pool, jacuzzi, sewage tanks.  
Liquid chlorine.

### Reverse Osmosis systems & treatment - Alkaline and Acid - Neutral Products

- Filters

Membranes for RO Units.

### Dosing system for Cruise sewage systems

- Sewage systems & treatment

IMO approved.

## Stainless Steel Products (Exclusive Avesta Distributor)

- Pickling Liquid
- Pickling Paste
- Passivating Liquid
- Pickling Spray
- Ferroxyl Test Set
- Oxilyser 3®

Pickling liquid for austenitic stainless steel.  
Translucent pickling paste for stainless steel.  
Passivating liquid for stainless steel.  
For Austenitic Stainless Steel in gel spray form.  
Whether or not to pickle: the ferroxyl test set reveals embedded iron particles on stainless steel.  
For passivity testing.

## Special Products

- Hand Cleaner
- Penetrust
- Gasoline Finder
- Water Finder Special
- Aerosol Products
- EC - Air Fresh
- EC - Paint Remover HD
- EC - ETG 102

A strong handcleaning gel.  
Penetrating oil, to free rusted components.  
Detects oil level in storage tanks.  
Detects water level in storage tanks.  
Electrospray, Multi Degreaser Spray etc.  
Eliminates all unpleasant odors in tanks.  
Paste-like caustic Paint Remover.  
Anti-corrosive "tropical" wire grease.

### EC - ECO a new range of powerful cleaning products, based on acid replacement technology.

The products are 100% biodegradable and environmentally safe. Contrary to what you may expect of water based products is that effectiveness is strong and same as conventional phosphoric and hydrochloric acid based cleaners, but without the hazards of these traditional products. Applying this new technology makes it possible to combine acid, solvent and caustic based properties and transform these into one harmless concept such as the EC ECO Combi. Traditional chemistry would not allow an acid and a caustic based product to work together. With this new technology Eflochem enables you to work safely and efficiently, without affecting the environment and your safety.

#### Eco Acid

#### EC - Eco Rust

#### EC - Eco Cement

#### EC - Eco Teak

#### EC - Eco Sewage

#### EC - Eco Alkaline

#### EC - Eco Combi

#### EC - Eco Metal Brighter

#### EC - Eco Enzyme Tabs

#### EC - Envoclean 1

Acid-free, non-caustic, non regulated line cleaner and descaler.

Non-regulated, synthetic low pH cleaner.

Safe, Non- Corrosive, 100% Biodegradable.

Safe, Non- Corrosive, 100% Biodegradable.

Safe, Non- Corrosive, 100% Biodegradable.

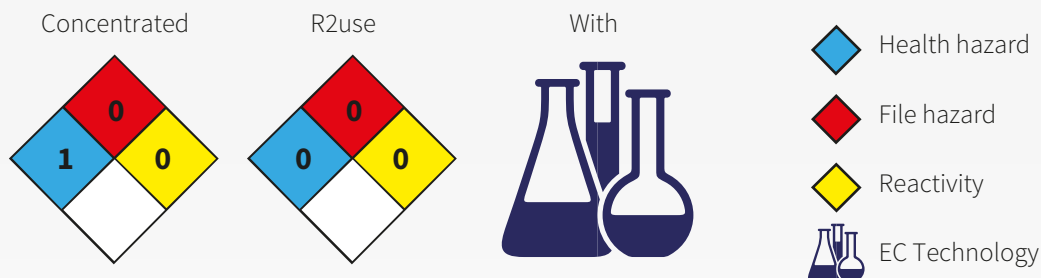

High detergency high foaming industrial cleaner and degreaser.

A multipurpose cleaning agent which combines acid & alkaline.

Safe, Non- Corrosive, 100% Biodegradable.

Sanitabs Enzyme.

Removes hardness scale and rust with EC-Non acid technology.

## Other Biological & Environmental Products 100% Biodegradable - oil spill Dispersants

#### EC - Microzyme Sewage

Biological sanitation system treatment and cleaner.

#### EC - Uniclean GP

A water based concentrated general purpose degreaser.

#### EC - Uniclean HD

Deodorizer liquid for inert gas residues.

#### EC - EC OSD Eco R2Use

Approved oil spill dispersant Type 2.

#### EC - OSD Eco HD

Highly concentrated, approved oil spill dispersant Type 2 & 3.

#### Aquaquick 2000 SP R2Use

100% biodegradable multifunctional degreaser.

#### Aquaquick 2000 SP Conc.

Highly concentrated, 100% biodegradable degreaser.

## Dosing Systems

- Boiler Water Treatment
- Diesel Engine cooling Treatment
- Evaporator Treatment (Manual and Automatic)
- Dosing System (Sea Chest protection for marine growth and corrosion)
- Fuel oil treatment
- DI water system & Systems - Resins replacements
- Sewage systems (vacuum and traditional)
- Reverse Osmosis System

## Welding - Cutting - Refrigeration - Gases - Equipment - Consumables

- Oxygen / Acetylene
- Nitrogen / Argon
- Refrigerants R22 / R-407C / R417A / R404A and others
- Welding and cutting equipment
- Electrodes and related items
- Span gases and regulators

## Fire fighting products & safety services, world wide services

- Emergency Escape Breathing apparatus - EEBD service and sales.
- Gas detectors

### Test Kits

- EC - Prime lab - Photometer: The new technology of testing and reporting.
- Complete all in One kit and / or only PWT and Sewage test - Fully Automatic
- P & M - Alkalinity
- Chloride
- Nitride
- Ph
- Phosphate
- Hardness

### Fuel oil and lube oil test kits

- Water in oil
- TBN
- Salt
- Lube oil - Spot
- Viscosity
- Density
- Compatibility
- Twin check
- Flash point check

### Other test kits and apparatus are also available on request. Automatic and Manual

- Potable water test kit (manual)
- Sewage test kit (manual)

World Wide Network - We Can Supply in  
46 Countries Covering 950 ports with our  
Products and Services
